

COVID Endemic Response Guidelines
United Church of Gainesville
April 1, 2022

Risk of Severe Disease from COVID:

| | |
|--------|---------------|
| Orange | High risk |
| Yellow | Moderate risk |
| Green | Low risk |

To find the current risk level for Alachua County, go to:

<https://www.cdc.gov/coronavirus/2019-ncov/your-health/covid-by-county.html>

Screening Questions

1. In the past 5 days have you had any cold or flu symptoms?
2. In the past 2 weeks were you exposed to someone known to have COVID?

If the person answers YES to either question above, ask if s/he has tested negative anytime after symptoms began or at least 5 days after exposure.

COVID Etiquette

In close quarters and small rooms, please apply a mask or remain safely distanced if requested to do so by a person with medical risks for severe disease.

Sanctuary

| | |
|--------|---|
| Orange | Masks required for everyone, including musicians and choir members. Vaccinated speakers and soloists may remove masks when on stage. Self-screening and hands-free greetings recommended. Set up 195-215 chairs for a capacity of about 150 (50%). Please leave a space or empty chair between each family/household. Limit event duration to 60 minutes with 1 hour between events. Turn on fan for continuous ventilation with upper windows partially open. Do NOT turn on overhead fans. Air turbulence can spread the virus. |
| Yellow | Masks optional but highly recommend for people with medical risks. Vaccinated speakers and singers may remove masks when on stage. Set up all 286 chairs for a capacity of about 200 (75%). Please leave a space or empty chair between each family/household. Limit event duration to 90 minutes. Turn on fan for continuous ventilation with upper windows partially open. |

Green Masks optional for people with medical risks.
