

# COVID Endemic Response Guidelines

## **SANCTUARY**

### **ORANGE (High risk):**

Masks required for everyone, including musicians and choir members.  
Vaccinated speakers and soloists may remove masks when on stage. Self-screening and hands-free greetings recommended.  
Set up 195-215 chairs for a capacity of about 150 (50%).  
Please leave a space or empty chair between each family/household.  
Limit event duration to 60 minutes with 1 hour between events.  
Turn on fan for continuous ventilation with upper windows partially open.  
Do NOT turn on overhead fans. Air turbulence can spread the virus.

### **YELLOW (Moderate risk):**

Masks optional but highly recommend for people with medical risks.  
Vaccinated speakers and singers may remove masks when on stage.  
Set up all 286 chairs for a capacity of about 200 (75%).  
Please leave a space or empty chair between each family/household.  
Limit event duration to 90 minutes.  
Turn on fan for continuous ventilation with upper windows partially open.

### **GREEN (Low risk):**

Masks optional for people with medical risks.  
Set up all 286 chairs for full capacity congregation.  
Turn on fan for continuous ventilation.

~~~~~  
**To find the current risk level for Alachua County, go to:**

<https://www.cdc.gov/coronavirus/2019-ncov/your-health/covid-by-county.html>

~~~~~

**COVID Etiquette:** In close quarters and small rooms, please apply a mask or remain safely distanced if requested to do so by a person with medical risks for severe disease.

## Screening Questions

1. In the past 5 days have you had any cold or flu symptoms?
2. In the past 2 weeks were you exposed to someone known to have Covid?

If the person answers YES to either question above, ask if s/he has tested negative anytime after symptoms began or at least 5 days after exposure.

If the person answers YES to either question 1 or 2 and has not tested negative at the appropriate interval, then s/he will be invited to:

*Return home (and view the service/event online if livestreamed/recorded)*

**OR**

*If a test kit is available, the Grusher (or event host) may offer it to the person in question to confirm a negative test result and be allowed entry.*
